

## **Call to Action:**

### **Distribution of Basic Goods to the needy people of Dhaka city during this Corona Crisis:**

**Distribution Date: 4th April , 2020**

The Corona pandemic resulted in lockdown of the capital of Bangladesh, Dhaka completely. This lockdown has caused immense loss to the country as a whole. Right now, a lot of people are out of work and dying due to lack of food. Bits, along with Safia foundation has decided to take up a small initiative of distributing goods to these needy people. We plan to distribute goods among 400 people in Dhaka city primarily. We hope our mere efforts will create some sort of impact during this crisis. We encourage you to step up and help us make this plan a reality. Detailed plan has been described below:

**Target Audience:** We are targeting the extremely needy class of people from Mohammadpur's extension( Beribadh area) where they are starving to death due to lack of food.

**Action Plan:** We all know that the upcoming week will be the most crucial week for the outbreak thus we plan to distribute our goods as soon as we can. Social distancing and avoiding public gatherings are the most important steps that we require at the moment and thus we plan to maintain proper social distance during our distribution event. We are taking our security support from DMP ( Dhaka Metropolitan Police) during the whole time of distribution. We will also be taking precautionary measures that are required to maintain safe distance (Both for our Volunteers & Receivers). We will distribute our goods with a proper token based system to ensure proper order. During this crisis, please stay home and support us with whatever you can so that we can help these people a bit and make their lives a bit easier during this crisis.

**Budget & Costing:**

**Distribution Items:**

1. Rice 3kg = 120 BDT

2. Dal 1kg = 35 BDT
  3. Potato 1kg = 20 BDT
  4. Oil ½ kg = 55 BDT
- Grand Total= 230 BDT / package\* 400= 92,000 BDT only.
